

# **NEW ZEALAND**

## Summer 2020 ON YOUR OWN BIKE

This is a motorcycle shipping service from  
**MELBOURNE to CHRISTCHURCH**

**READ EVERY BLOODY WORD! SERIOUSLY!! We're NOT joking!**

See page 4 for an explanation

1/2/2019

### **2020 Summer dates**

Collect your bike in Christchurch on **Monday 27 January, 2020 9.00am**

At the end of your holiday drop your bike off on **Friday 13 March, 2020 9.00am**

There will be one shipment ex Melbourne this 2020 Summer.

**Bike storage** is available at our Chch depot. \$35 per week or if less than a week \$10 per day, first 3 days free.

*Loading in Melbourne will be between Boxing day & New years Eve 2019.*

**Burt Munro Challenge** – Invercargill. Second weekend in February Most probably 5 – 9 February, 2020

**NZ Classic Racing Register meeting** at Hampton Park Circuit is in February - dates not yet available

**RETURN PRICE** Our prices are determined by the amount of floor space each bike takes up. We are able to load 20 Standard size bikes (most sport & sport touring bikes are shorter than 2.30 metres) into a container, so the bigger the bikes are, the less bikes we can load into each container. BMW R1200GS is a Standard size bike.

**Bikes up to 2.30 metres long (Standard Size)                      \$2225.00** covers most bikes

Yes, that's 2.30 metres long overall. No pack racks poking out or Top Boxes or Top Box mounting plates. That is the overall dimension and if your bike is longer than 2.30 metres long it moves to the Long bike category **unless you** can shorten it by removing Pack Racks or Top Boxes – we do NOT mess with your bike. Reducing it's length is entirely up to you.

**Bikes longer than 2.30 metres    \$3725.00**

WoF & Rego & Compliancing **NOT** included

See page 4 for prices for all other bikes Conditions apply – (See Terms & Conditions).

Each bike is packed securely into a shipping container, on it's own individual cradle. CRATING IS **NOT** REQUIRED.

## **TERMS and CONDITIONS** - for *shipping* client's *bikes* to and from New Zealand.

Failure to read, understand and act upon these Terms and Conditions could cause considerable heartache and expense!! 10% of our clients suffer every year. Will you be one of them?

Wearing **Hi Viz vests** in all our loading and unloading depots is **compulsory**.

### **BIKE CLEANLINESS.**

Your bike must be spotless when packed into the container – preferably thoroughly pressure washed all over – I use CT18 Truck wash. This is a Quarantine Service requirement on both sides of the Tasman. Each bike owner is expected to ensure his or her bike is satisfactorily clean to pass a Quarantine Service inspection. Chain, sprockets, wheels, engine fins, radiator grills, main stands, underneath engines etc are the most likely areas to contain the sort of dirt (which may contain weed seeds, dead insects, insect eggs) which Quarantine will be looking for. **YOU HAVE BEEN WARNED. YOU WILL INCUR EXTRA EXPENSE IF YOUR BIKE HAS TO BE CLEANED - up to \$400/bike.**

**Don't** leave your bike in gear. In the depot or on the cradle and FFS **don't leave it locked.**

**PANNIERS** must be disconnected from the bike at the time of loading. We suggest you use panniers as your luggage when you fly to New Zealand. Suggestion: Use plastic Bubble Wrap – **3 layers** to protect your panniers in the cargo hold of the plane. If taking panniers on the flight is not an option it's up to you to wrap the panniers sufficiently to avoid damage when we load them on the floor of the container. That's **your responsibility**.

**All panniers & top boxes** going in the container or in storage at one of our depots **MUST** be clearly labelled – name, bike rego, destination & your arrival date at that depot. That's **your responsibility**.

### **TOURIST REGISTRATION & WoF**

Temporary Registration and a Warrant of Fitness (like a Roadworthy check-up) for your bike (cost **NOT** included in prices) is necessary to ride your bike in NZ. Make sure your bike is roadworthy before we load it in Australia. **It's registered using your Aussie plate number so leave the plate on your bike.** At the time of writing a Warrant of Fitness for a bike was \$NZ35 and the 6 month Tourist Rego was \$NZ47. People choosing not to register the bike and take the necessary Warrant of Fitness inspection will be breaking NZ laws and will not be covered by the ACC health cover. The consequences are serious.

### **PRICES**

These (shipping only) prices are valid from 1 February, 2019. Any increases to freight rates, container transport, bunker rates, terminal handling charges, container security, exchange rate fluctuations etc will be passed on at the time of invoicing.

### **CUSTOMS CLEARANCE & QUARANTINE INSPECTION**

We organise Customs clearances & Quarantine Inspections and loading & unloading of the container.. **CUSTOMS CLEARANCE & QUARANTINE INSPECTION** is included in our price.

**For Customs Clearance** purposes a **Carnet** is **NOT REQUIRED**. Instead a bond equivalent to 15% of the declared value of your bike is requested from each client and this money is refunded when the bikes come back from New Zealand. The bond money is lodged with NZ Customs dept.

**Get Routed** (ABN 98 055 447 869)

Motorcycle Shippers to NZ, UK & Europe - Isle of Man TT Tour specialists

**DEPOSIT** Your \$1000 shipping deposit is NON REFUNDABLE. We may be able to roll it over to another shipment for up to 18 months after the date it was paid or refund it if **you** can encourage someone else to take your space - at the discretion of Get Routed.

**SOME PERSONAL EFFECTS WILL BE CARRIED IN THE CONTAINER** – Panniers & Top Boxes etc YES – BUT they must be unlocked and closed with sticky tape and bubble wrapped so Quarantine can inspect. Helmets, Boots Jackets in panniers is OK. **NOT TENTS, food or anything else.**

**DAMAGE TO MOTORCYCLES and ACCESSORIES** As part of our agreement with you we will make good Loss or Damage that occurs to your Bike or included accessories in excess of an amount of \$250.00, which is your responsibility – you pay the \$250 excess. The Loss or Damage that we accept is any Loss or Damage, or other Liability that may arise from the voyage, which would be covered by Marine Insurance Institute Cargo Clauses “A”. In other words, we have insurance in place to cover us and our liability in respect of all bikes in the shipment.

**SHIPMENTS** All shipments are subject to full containers, so **book early** to avoid missing out. **Get Routed** reserves the right to ask bike owners to send their bike to another loading departure point (at the owners expense) if a viable shipment (minimum 10 bikes) is not reached from the preferred loading port.

**SHIPPING** Please understand we don't control the worlds shipping movements and shit can happen. We try our best to have your bike where and when you want it, but sometimes weather and slow or over burdened shipping companies can ruin our best efforts. Doesn't happen very often, but it pisses us off and it will have that effect on you as well. We take all precautions to avoid it.

**TRAVEL INSURANCE** By law we must strongly advise you to take out appropriate Travel Insurance when travelling overseas. Talk to Bernie Ryan - 03 9818 2724 or email: [bjryan@steadfastibg.com.au](mailto:bjryan@steadfastibg.com.au)

**BOOKINGS** In 20 years we have considerably increased our bike shipping numbers each year. Book early to avoid disappointment. Sooner or later we will reach a point where we must turn someone away from a particular shipment. Make sure it's not you by booking early.

**Arriving in Chch to collect your bike** You will collect your bike and take it to VTNZ where your Rego & Warrants of Fitness will be done. Govt regulations don't allow you to take bikes just anywhere for this purpose.

**DON'T FORGET TO EMPTY THE PETROL TANK (LESS THAN 2 Litres in your tank is OK )and DISCONNECT YOUR BATTERY and INSULATION TAPE THE TERMINALS and leads. This is not up for discussion or negotiation. Do it or we won't ship your bike.**

**People suffering the consequences of ignoring these Terms and Conditions will be most unhappy!**

**Happens every year, someone (usually 10% of clients) blames us for his/her lack of thinking.**

**We try our best to get people to read this stuff, but sometimes they don't.**

**PLEASE NOTE:** A container is 2.30 metres wide and because we place the bikes across the width bikes longer than 2.30m attract a higher price because we can only place them lengthways in the container therefore reducing the number of bikes in the container..

**ONE WAY PRICES - ONLY if space is available**

Bikes up to 2.30 metres long \$1685      All other 2 wheel bikes \$2585.

WoF & Rego & Compliancing **NOT** included

Trikes, Sidecar outfits and 4 wheelers – quoted on measurements.

For all One Way shipments, FULL PAYMENT is required at the time of booking.

Costs include container lease, loading and unloading, sea freight both ways, transport from ship to storage area at each end, transport from storage area to ship at each end, the use of bike specific cradles and tiedowns, Customs and Quarantine clearance at both ends, free first 3 days secure storage of all bikes prior to your arrival, (it is simply not possible to have the container arrive the same day you arrive in New Zealand), agency fees, storage handling fees and wharf handling fees.

**What can you put in the container** Applies going to and coming back from your destination.

Apart from your bike and it's bubble wrapped panniers (Panniers NOT on bike) you may put your riding boots, jacket, pants & helmet, tools, maps and that's it.. Nothing else goes in the container. Not tents or clothing or food or anything!!

Don't forget your drivers licence – you must have it at all times when riding your bike in NZ

**EXPLANATION FROM FRONT PAGE.**

You might think this a tad arrogant, but all I'm trying to do is grab peoples attention to make sure they all read this info and understand it. You would be surprised how many don't read it then arrive to load bikes knowing nothing about what is required of them and their bikes. This can cause big headaches for loading and if I have to I will refuse to load a bike if it don't comply.....and there would not be a refund. This mostly applies to bike size, cleanliness and what is allowed in the container.

We don't run tours as most people want to organise their own tour of New Zealand. We can send you a Top 10 accommodation brochure/map - ask. Or go to the Top 10 web site - [www.top10.co.nz/](http://www.top10.co.nz/) and do your advance bookings on line.

This will be our 20<sup>th</sup> year shipping Aussie bikes to New Zealand for their owners to go touring somewhere new and exciting. You will not be disappointed we guarantee, BUT because we are becoming ever busier because of the demand for our specialist motorcycle shipping services it is strongly advised you book as early as possible to avoid the disappointment of us not being able to help because all our shipments are fully booked.

Once you have decided when you want your bike shipped, please complete the Reservation form and return it with your deposit payment. At this time you may also wish to book your return air ticket to Christchurch.

**Get Routed,  
P.O. Box 684  
Drouin, VIC, 3818.**

Please use your surname as the reference. If that's not possible email us the bank transaction receipt which shows the transfer of the funds into our account.

**Bike insurance in NZ.**

You will soon find out that your Aussie insurance provider won't cover your bike while it's out of Australia. Get Routed marine insures all the bike shipments thru insurance broker, Bernie Ryan (03 9818 2724 or [bjryan@steadfastibg.com.au](mailto:bjryan@steadfastibg.com.au) ) and Bernie has a deal going with a NZ Insurer to cover Aussie bikes while they are touring NZ.

Travel Insurance – Talk to Bernie Ryan. He has a good policy which covers you on any size bike.

**Did you read it all??**
