Bike Insurance in the container these costs are now **NOT INCLUDED** in the bike shipping costs.

Previously insurance was included in our bike shipping costs, but we have been advised by the Insurance Company (QBE Marine) that this system is not compliant in respect of Insurance legislation as Get Routed is not the owner of the property insured.

To insure your bike each way you will need make your own insurance arrangements.

Our previous set-up for many years was through our insurance broker, Bernie Ryan, who is working with the current insurer on a new arrangement where each bike will be insured in the name of the owner. If you wish to enquire about insurance of your bike to and from the destination, you can contact Bernie on 0405 500 871 or email bernie@steadfastibg.com.au.

17. UK & European Bike Insurance We are in contact with an European insurance broker who may be able to provide Fully Comprehensive or 3rd party only cover for your bike while in the UK & Europe. We will contact them 1 month prior to loading (for a quote for your bike) so that your bike will be covered before Customs Clearance in the UK – 3rd Party cover is compulsory in the UK & Europe and proof is required as part of the Customs Clearance process.

18. Personal Travel insurance it is **strongly recommended** you take suitable cover prior to departure. Talk to Bernie Ryan on 0405 500 871 or email bernie@steadfastibg.com.au.

Bike registration in UK & Europe You can ride your bike in the UK/Europe on your Australian Registration plate for up to 6 months (subject to your Aussie rego being current for that time) and using your current Australian licence for up to 3 months in any country. An **International Driving Permit** (for up to 12 months) is advisable if you're touring Europe where the coppers may decide they don't understand your language. The **IDP** is necessary if you're touring Europe because it's really just a translation of your Aussie licence. Take your Aussie licence as well.
